114	9910-110121	Urethane Seat Disc (Red)	1
		Optional	

Note: On Item #113, there is a top and bottom to this spring. The top is smaller and fits over Item #114 (Disc) and on to Item #83 (Stem). The bottom fits over Item #109 (Holder).

Improper installation of this spring will cause the relief valve to malfunction.

Part Kit #9910-KIT1757, consists of one each of Item #83, 84, 85, 109, 113 and 114.

Bypass Hose Barb-Connect directly to tank without restrictions or ball valves.

**Relief Valve, Part No.
